QuantumX Data Recorder Update

To update the QuantumX Data Recorder with the latest software version, please follow those 3 steps:

1. Register via your recorder software and you automatically get or license key when in maintenance.

2. Download the latest catman version. Link: https://www.hbm.com/index.php?id=2472

3. Install the latest catman version, using the license key you got in step 1.
